I think that we are getting ahead of ourselves with this since we have WRAP and LERF to do and you are working with Deborah on 222-S. I haven't read this yet, however coming from 2 people not permit writers gives me pause.

Kathy: Michelle and I are working together on the LLBG permit. I have edited the Draft from 2004 that Deborah wrote. I have attached the edited version. Would you please look over this Draft and guide us in the protocols of how to proceed in the process? Thank you for your help and kind consideration.
